The submission deadline for abstracts is moved from January 5 to January 10 and the deadline for full papers is moved from January 10 to January 15 - to allow a bit more time after the Christmas/New Year holidays. The new deadlines will be in effect already for the 2012 conference in Hamburg.

## 4. Workshops for Hamburg

The SC has accepted the following workshops for the 2012 conference in Hamburg:

- Petri Nets and Software Engineering (PNSE 2012; 2 days)  
Lawrence Cabac, Michael Duvigneau & Daniel Moldt
- Biological Processes & Petri Nets (BioPPN)  
Monika Heiner & Ralf Hofestaedt
- Petri net-based Security (WooPS)  
Rafael Accorsi, Tadao Murata & Silvio Ranise
- Petri Net Compositions (CompoNet)  
Hanna Klaudel & Franck Pommereau
- Logics, Agents, and Mobility (LAM)  
Berndt Farwer & Michael Koehler-Bussmeier

In addition there will a Model Checking contest:

- Petri Net Model Checking Contest  
Didier Buchs, Fabrice Kordon, Alban Linard, Franck Pommereau, et. al.

In 2010 and 2011 the advanced tutorials have had a very low number of participants. Hence, it was decided that the only advanced tutorials in 2012 will be the two tutorials which form the last day of the Petri Net Course (Tuesday). It will be possible to follow these tutorials without following the rest of the Petri Net Course.
