

# Free Software Song

by Richard Matthew Stallman

1. -----

**C**

Join us now and share the software;

**G F G**

You'll be free, hackers, you'll be free.

(2x)

2. -----

**C**

Hoarders can get piles of money,

**G F G**

That is true, hackers, that is true.

**C**

But they cannot help their neighbors;

**G F G**

That's not good, hackers, that's not good.

3. -----

**C**

When we have enough free software

**G F G**

At our call, hackers, at our call,

**C**

We'll kick out those dirty licenses

**G F G**

Ever more, hackers, ever more.

4. -----

**C**

Join us now and share the software;

**G F G**

You'll be free, hackers, you'll be free.

(2x)
